

## A MESSAGE FROM THE CITY MANAGER

The new entrance takes shape at Heritage Park.

Summer is a busy time, with special events and parks projects underway, along with creation of the Fiscal Year 2018-2019 budget. City Council will take part in the first budget workshop on June 21, with a second one set for July 26.

The completion of the renovation of Heritage Square Park at 4th and Main streets remains a major focus. Every week, the park begins to take shape as concrete is poured, underground pipes installed and dirt leveled.

With the splash pad at Robinson Park now open to the public, it's an exciting time to see the projects coming to fruition. All serve to improve the quality of life for Taylor citizens and visitors.

The Capital Improvement Projects remain at the forefront, as City Council will prioritize and decide what to fund. Areas to consider include street maintenance and construction, drainage, parks, Taylor Municipal Airport and other city facilities. Working with Council, we continue to be conscious of spending tax money wisely.

Follow the project updates online at the City of Taylor website, or sign up to receive notifications by text or email at [www.taylor.tx.gov/notifyme](http://www.taylor.tx.gov/notifyme).

## PROPERTY OWNERS ASKED TO MAINTAIN LANDSCAPE

Warmer temperatures mean grass, weeds and underbrush grow at a fast pace, and keeping property maintained takes time. The City of Taylor Code Enforcement Officers ask citizens to please continue to keep grass cut, weeds pulled and bushes trimmed.

It is a property owner's responsibility to cut to the midpoint of the alley and keep all grass trimmed to no higher than 12 inches, and underbrush to less than 18 inches in height.

Tree canopies are to be trimmed 12 feet or higher from the curb. This

includes alleys and grassy areas in the Right of Way.

City Code Enforcement Officers are authorized to give warnings or issue a maintenance violation to property owners, which comes with a fine. To avoid a citation, please take time to maintain landscaping.

For more information, call 512-352-3675.
