

Filing Your Own IRS Tax Return

Due to the pandemic, volunteer tax assistance programs are not widely available. If you have a simple tax return, you may not need to see a tax expert. Try out **Free File**, available at www.irs.gov/

What Is IRS Free File?

The IRS Free File Program is a public-private partnership between the IRS and many tax preparation and filing software industry leaders who provide their brand-name products for free. It provides two ways for taxpayers to prepare and file their federal income tax online for free:

- Traditional IRS Free File provides free online tax preparation and filing options on IRS partner sites. Our partners are online tax preparation companies that develop and deliver this service at no cost to qualifying taxpayers. Please note, only taxpayers whose [adjusted gross income \(or AGI\)](#) is \$72,000 or less qualify for any IRS Free File partner offers.
- Free File Fillable Forms are electronic federal tax forms you can fill out and file online for free. If you choose this option, you should know how to prepare your own tax return. Please note, it is the only IRS Free File option available for taxpayers whose [income \(AGI\)](#) is greater than \$72,000.

IRS Free File lets you prepare and file your federal income tax online for free. File at an IRS [partner site](#) with the IRS Free File Program or use Free File Fillable Forms. It's safe, easy and no cost to you.
